Upcoming Understanding D-Day Course

On June 6, 1944, WWII's Allied forces invaded Normandy. With more than 150,000 troops crossing the English Channel that day, it was the largest beach attack in history and laid the foundation for the Allied victory. Join us this July at Norwich Pro's online course, Understanding D-Day, which takes a deep dive into the complex strategizing and planning behind the monumental WWII invasion.

Hobbyists to military historians can register for this July 18 - August 21 course and earn 2 CEUs upon completion.
