

Hello Norwich Families -

While not fully sprung, Spring is doing its best to arrive on campus. The snow that greeted your students upon their return last weekend is already melting and 60-degree temps are in the forecast. Such is Vermont in March!

Regardless of the weather, the campus seems lighter and brighter this week. Students are now eyeing the end of the semester and working hard to finish strong. Faculty and staff are here to get everyone over the finish line, especially for our seniors who are graduating into the real world in just 6 short weeks.

Time is flying. Enjoy the ride!

Very respectfully,

Stephanie Snell
